

# **My beautiful presentation**

Romain Madar

July 2018

# Overview

1 First section

2 Very poor second section

# First section

# My first slide of the first section

This is the content of the slide called 'My first slide of the first section'.

This will be a second slide in section 'First section', without title.

# My second slide I

This second slide can be very long, it will be splitted among various slides thanks to the attribute `‘.allowframebreaks’`

This second slide can be very long, it will be splitted among various slides thanks to the attribute `‘.allowframebreaks’`

This second slide can be very long, it will be splitted among various slides thanks to the attribute ‘.allowframebreaks’

## Very poor second section

# Conclusion and outlooks

pandoc is great to actually create article, webpage and slides from the same markdown file.
